## CONFEREES HOPEFUL OF AMICABLE ADJUSTMENT

Premier Orlando Leaves Paris, Taking Two Members of Italian Delegation, and Will Consult Italian Parliament Before Returning to the Peace Conference

### ITALY WANTS TO CONTINUE FRIENDLY TERMS AND CONCESSIONS ARE EXPECTED

France and England to Represent Italy, is Claim at Paris—Hear Page Would Resign. Danzig Made Free Port. Wilson Recognizes British Protectorate Over Egypt

PARIS, APRIL 25.—(Associated Press)—Peace conference circles were inclined to believe today that an amicable solution of the Italian incident was in the making.

For one thing, Italy has shown her desire to maintain good relations with the allies by the fact that the Italian delegates remaining in Paris will continue to collaborate in the work of the inter-allied commission not pertaining to the actual work of the peace conference.

It is thought possible Premier Orlando, after meeting parliament, will return in time for the opening of the negotiations at Versailles which will begin about May 3rd.

### CLAIM PAGE WOULD RESIGN

ROME, APRIL 25.—(Associated Press)—The Italia says that because he was acquainted with President Wilson's views on Italian claims, Thomas Nelson Page, American Ambassador to Rome, offered his resignation.

### MORE HOPEFUL FEELING PREVAILS

PARIS, APRIL 25.—(Associated Press)—A distinctly more hopeful and less irreconcilable feeling prevailed at Italian headquarters today. No longer was there talk of a breach with the peace conference, but instead it was said: "All may be settled within a fortnight. Premier Orlando has gone to Rome to consult parliament. Thereafter we shall see."

(By Associated Press)

Although Premier Orlando left Paris at 8:30 o'clock last night with two members of the Italian delegation to the peace conference in protest against President Wilson's action in making public a statement on the Adriatic question, the latest Paris advices do not give the view that the action means a cessation of negotiations.

Italy, if all her delegates leave Paris, will be represented by Great Britain and France.

### SAYS FIUME FULL OF ITALIAN TROOPS

PARIS, APRIL 25.—(Associated Press)—An American officer who left Fiume three days ago and who has just arrived in Paris says it was reported there that a total of 14 divisions had been moved to Fiume by the Italians. He said the city was full of Italian soldiers who are arriving constantly.

Meanwhile the Italian people to whom Orlando is returning, appear from Rome advices to be standing determined behind her delegates.

Demonstrations were held yesterday and last night in Rome and it is reported in all larger towns of Italy there have been parades in which the people approved Orlando's stand.

Feeling is running high throughout the country and dispatches say Great Britain shares with President Wilson the condemnation of the Italians.

The slogan "Fiume or Death" is said to have been adopted. Whether Italy will occupy the disputed territories of Dalmatia and Fiume as indicated yesterday, is as yet not definitely known.

Efforts to find some middle ground between Premier Orlando and President Wilson continued until late yesterday, but there is no indication as to the nature of the advances made by Premiers Lloyd-George and Clemenceau in their effort to hold the coalition of the allies intact.

Reports state a plan dealing with the future of Danzig has been approved. This plan creates Danzig as a free city enjoying complete autonomy but still under a Polish protectorate. Poland would be given use of the docks and wharfs, the control of the Vistula water route and the corridor leading from the former Polish frontier to the sea.

Conditions in Hungary are very grave with a panic prevailing in Budapest where the Soviets are resorting to extreme measures in attempting to retain power. The Rumanian advance continues, French troops aiding in the movement. The Entente allies have troops on the Danube below Budapest to act as reserves for the Rumanians, advices say. Czechoslovak troops are reported attacking the city of Waitzen, 20 miles north-east of Budapest.

### BELIEVE MANY NOT AWAKE TO NEED OF ACTION

Cleveland District, by Late Report, Reaches \$114,000,000 in Drive

(By Associated Press) Washington, April 25.—Hear that many people regard the Victory Liberty loan as certain of success without the usual efforts, was expressed today in the treasury's official review. There were no additional reports today to raise the total above \$396,496,000.

The Cleveland district total subscriptions were officially estimated today at \$114,281,000.

### WOMEN MARCH WITH RUSSIANS; CZECHS FIGHT IN SNOW

Czecho-Slovak soldiers fighting from snow-filled trench, above, and women marching with Russian troops.

These pictures just received from abroad show present conditions in the parts of Europe where fighting is still going on. Russian women march with their loved ones through the snow and ice to stay beside their loved ones. Often the women carry extra food and clothing for the soldiers.

The woman in the foreground of the lower picture is carrying such a bundle. The Czecho-Slovak soldiers are fighting the Bolsheviks in snow covered country. Much of the fighting occurs in timberland.

## 'WAR BREAD' COMES BACK TO EUROPE FOR 90 DAYS

Program Adopted by Supreme Food Council, is Outlined Today

### AMERICA TO EAT "WHITE"

(By Associated Press)

Paris, April 25.—An increase in the milling percentage which will virtually put the world back to a world war bread for three months is part of the program adopted by the supreme food council under chairmanship of Herbert C. Hoover.

The program includes a complete plan for securing and distributing food to the allies, liberated, neutral and enemy countries until the next harvest.

One object is to determine the available food supply so as not to put any undue pressure on any one market.

### "WHITE BREAD" FOR AMERICA

(By Associated Press)

New York, April 25.—Americans will continue to eat "white bread" stored last year after months of mil-

ing on a victory flour basis despite return of European countries to a war bread basis, President Barnes of the Food Administration Grain Crop and federal wheat director said today. A survey of wheat stocks he said convinced his department that the American supply was sufficient not only to warrant continued production of all wheat flour but to meet the export demand until the next harvest.

### VETERAN HANGS HIMSELF

Evansville, Ind., April 25.—Arthur W. Luker, 25 years old, a returned overseas soldier, who suffered from shell shock in France last November, committed suicide at his home in Posey County, Indiana, a few miles west of here by hanging himself in his mother's barn.

### HUN COURIERS AT VERSAILLES

(By Associated Press) Paris, April 25.—German official couriers in advance of the German delegation to the peace congress, arrived at Versailles today.

### OHIOANS OBTAIN VESSEL TO GREET HOME-COMING 166

Gov. Cox and Party Steam Down Harbor to Meet Returning Rainbows

(By Associated Press)

New York, April 25.—Governor Cox, members of the Ohio legislature, state officials and a party of wounded Ohio soldiers today overcame perplexing difficulties experienced in getting a boat and sailed down the bay to greet the transport Leviathan, returning home with the 166th infantry, Ohio's famous regiment in the Rainbow Division.

The big transport was due to arrive at 2:00 or 3:00 this afternoon.

### OHIO FRUIT AND WHEAT DAMAGED BY BIG FREEZE

The Fruit Damage is Upward of \$2,000,000 Says "Ag" Board Member

Fears Wheat Crop Also Heavy Sufferer

(By Associated Press)

Columbus, O., April 25.—Vernon H. Davis, of the State Department of Agriculture today estimated the fruit damage from last night's freeze at \$1,500,000 to \$2,000,000.

Reports received by the Department of Agriculture today also indicate that the wheat crop in Ohio has been badly damaged.

"We will not be able to tell the extent of damage to wheat until the first warm days" said Davis. The best wheat fields in bottom lands are especially affected, he said.

### CLINTON CROPS ALSO SUFFER

(Special to The Herald)

Wilmington, O., April 25.—Lowest temperature here last night was 23, and damage to the fruit and wheat crops is reported, but the extent has not been learned. Fruit growers declare it will be late today before the extent of the damage is certain.

### SIX MILLIONS DIE WITH FLU

(By Associated Press)

London, April 25.—Almost five million persons have died in British India from Spanish influenza and fully a million others are believed to have died in the native states.

## 166TH REACHES U. S.

NEW YORK, APRIL 25.—(Associated Press)—(Bulletin)—The giant transport Leviathan arrived late this afternoon from Brest with 12,050 troops aboard, including the 166th Infantry, Rainbow Division.

Other units of the Rainbow Division included the 149th and 150th field artillery regiments, 168th infantry, 117th sanitary train, division and 85th brigade headquarters, and division of military police.

M Company of Washington C. H., is with the troops.

## AMERICAN DELEGATES DO NOT AGREE ON ALL BLAME-FIXING POINTS

### CONFERENCE OF THREE LEADERS THIS AFTERNOON

Topic to be Discussed is Not Known

Interest Centers Upon Sonnino's Attendance

(By Associated Press)

Paris, April 25.—Premiers Clemenceau and Lloyd-George and President Wilson it is said will meet at four this afternoon. The topics to be discussed are not known.

The remaining members of the council of four, now that Premier Orlando has left France, did not hold a meeting this forenoon.

The chief interest attached to the afternoon meeting is whether Foreign Minister Sonnino of Italy will attend, as he will leave for Rome tonight.

### PRESENT ITALIAN FEELING BITTER AGAINST WILSON

However Paraders Cheer American and Ambassador Page Returns Salute

(By Associated Press)

Rome, April 25.—A huge crowd of demonstrators parading through Rome toward the capitol passed the American embassy late yesterday just as Ambassador Page came out for a walk.

The demonstrators shouted: "Viva America." The Ambassador replied: "Viva Italy."

"Long live America; down with Wilson!" was the watchword of various demonstrations in Rome last night.

(By Associated Press)

Tokyo, April 25.—Prince Sunehisa, head of the royal house of Takeda, is dead. Prince Sunehisa was born September 22, 1882, and during recent years has served as commander of cavalry in the Japanese army. He was married at Tokyo on April 30, 1908, to Princess Masako, daughter of the late Emperor Mutsuhito. She and two children, a son and a daughter, survive.

Hold Offenders Against "Laws of Humanity" Should Not Be Prosecuted Under Criminal Law

### OBJECT TO TWO CLAUSES

Insist Head of State is Responsible to His Own People and Not to Foreign Sovereignty

(By Associated Press)

Paris, April 25.—It has become known that the American delegates have been unable to agree to certain parts of the report adopted by the majority of the commission on responsibility for the war and as presented the report contains a memorandum setting forth the American reservations.

The Americans objected to the principle that persons accused of offenses against the "laws of humanity" should be subjected to criminal prosecution, contending the laws and principles of humanity constitute a standard too uncertain to be rightly applied in legal proceedings.

The principle that heads of states should be liable to criminal prosecution for breaches of positive law was another point.

The American belief was that the essence of sovereignty lies in the fact that the head of a state is responsible for his illegal action to the people from whom he derives authority and not to a foreign sovereignty. This contention was not held to apply in the case of a head of a state who has abdicated, for any proceedings against such a person would be against an individual no longer embodying the sovereignty of a state.

The Americans proposed an international court of inquiry be created to consider the relative culpability of the authors of the war as well as their culpability to violations of the laws and customs of war, and that enemy persons accused of the latter offenses should be tried by tribunals or commissions.

### ROSS FRUIT AND WHEAT DAMAGED

(Special to The Herald)

Chillicothe, O., April 25.—Last night's freeze badly damaged some of the wheat and Ross county's fruit crop, according to early reports. Lowest temperature 26.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take  
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

CLOSING SESSION  
OF SUCCESSFUL  
SPRING MEETINGS

Thursday afternoon witnessed the closing session of the spring meetings of the Clinton Baptist Association held in the First Baptist Church of this city for two days. Its three branches, the Sunday School Convention, the Young Peoples Union and the Missionary Society vied with each other in encouraging reports and wide awake interest and the meetings throughout were well attended and successful.

The Woman's Missionary Society held its Convention all day Thursday, with the President, Mrs. John Case conducting the sessions with executive ability that demonstrated itself in the dispatch with which a large amount of business was put through.

Mrs. William H. Alexander, of Columbus, who talked in the morning, delivered a forceful address on "New Opportunities and Responsibilities" in the afternoon.

The report of committees was followed by the election of officers, which resulted as follows: President, re-elected Mrs. John Case, of Washington Court House, Vice Presidents, Mrs. Turner, of Cedar Creek; Mrs. Albert Snyder, of Wilmington; Mrs. Josephine Manning, of Bligo; Mrs. Harley Vance, of Greenfield; Mrs. J. P. Hendershot, of Blanchester; Miss Golda Baughn, of Sugar Creek; Secretary and Treasurer, Mrs. Howard McLean, of Washington C. H.; Secretary Woman's Foreign Missionary Society re-elected, Mrs. Harry E. Wood, Washington C. H.; Secretary Woman's Home Missionary Society, Miss Anna Vance, Hillsboro; Secretary World Wide Guild, Miss Elizabeth Cook, of Greenfield; Secretary of Literature, Mrs. William Bennett, of Greenfield.

Mrs. Harvey Long, of Middletown, presented a splendid paper on the "A. B. C.'s of Foreign Work." Discussion of several important subjects followed.

Six Vice Presidents were elected in order that each section of the District might be personally supervised by the Vice President of its locality. It was decided that all the officers of this society meet once a month to boost the work and come in closer touch with each other. The first of these monthly meetings will be held in this city.

The next meeting of the Clinton Baptist Association will be held at Hillsboro in August. At the same time the Woman's Missionary Society holds their semi-annual meeting.

**STILL UNCERTAIN AS TO TIME TANK WILL REACH CITY**

The local Victory Loan committee is still uncertain as to when the Whippet tank will reach this city for a demonstration, whether it will be on Sunday or Monday. However, it is not expected Saturday since it has fallen so far behind its schedule.

It has been decided to call the War Council directing committee together when news of the time the tank will arrive, reaches the city, and make arrangements for announcing the arrival so that as many persons as possible will know it.

One plan which has been decided upon if the notice is very short, is to ring the bells of the city and sound the whistles about one hour before the tank arrives, and if this is done all will know that the tank will be in the city in about one hour from the time the bells and whistles are sounded.

**CITY SOLONS HOLD A SHORT SESSION**

A brief session of the city council was held Thursday night for the purpose of amending an ordinance for the sale of \$10,000 worth of bonds for paying the back light and water bills.

The ordinance was passed a few weeks ago, but when inspected by attorneys of the buyers of the bonds, some changes were deemed necessary, as has been the case several times in the past two or three years, and the necessary amendment was passed.

Probate Judge Frank M. Allen appealed to council for relief from water standing in the cellar of his Broadway home, and the Service Committee was authorized to take steps necessary to bring relief, and this may require the construction of a much-needed sewer on Broadway.

**TERRIBLE NEED IN FOREIGN LANDS APPEAL TO RED CROSS**

Further details of the Red Cross peace program reveal the scope of the work now undertaken.

Foreign relief is the first and foremost part, the children in foreign lands are in terrible need. There are tens of thousands of these children left destitute because they have become separated from their parents or lost them entirely.

There are thousands of children who have not enough food or clothing or care to allow them to grow. It is to help conditions like these that Fayette county women are making refugee garments. The last five hundred must be finished by May fifth. Come to the work room Monday and Tuesday and help to finish Fayette county's quota. This is an urgent appeal.

**HYER RECOMMENDED FOR EARLY RELEASE**

The Board of Clemency, of the Ohio State Penitentiary, has recommended for release from that institution, C. E. Hyer, sent up from Fayette county on a charge of forgery.

Since being in the institution Hyer has been a model prisoner and for some time has been allowed to go about without a guard, this being the case some time ago when he was a witness in the local courts, being released on honor.

**GERMANS WERE AFTER BIG BASE IN CARIBBEAN**

Washington, April 25.—Germany planned to obtain control of the Virgin Island, and, with this strategic possession in the Caribbean, it was the intention of the Teutons to menace the Panama Canal and the Gulf region.

Senator William S. Kenyon, of Iowa, made this declaration upon his return to Washington, after a trip on a submarine chaser from Porto Rico to the Virgin Islands.

"The United States obtained possession of the Virgin Islands just in time—and wisely," he said. "The Germans had designs on them. If they had succeeded in obtaining possessions of them they might have succeeded in working great havoc before we could have stopped them."

"At St. Thomas, a splendid harbor, the building of the Hamburg-American Company has concrete foundations eight feet thick. What was the object of that? Why, for only one reason—to plant guns there and command the harbor, of course."

"There is not the slightest doubt the Germans hoped to take over the islands."

**FIREMAN KILLED; 10 HURT.**

## ARM BROKEN IN FALL

C. F. Wilson, who operates a general merchandise store at Lattrells, had the misfortune to break his right arm between the wrist and elbow on Thursday. The accident was caused when his foot caught in a wire as he was crossing a feed lot, and was violently thrown to the ground.

Dr. P. E. Hyer of Milledgeville rendered prompt aid and set the broken bones.

## EQUITABLE BASIS ONLY ONE WANTED IN PEACE MAKING

Wilson Idea of Just Peace for  
All Nations Comes to  
Forefront

Orlando Virtually Accuses President of Double Dealing

Paris, April 25.—Developments in the Italian situation came thick and fast on Thursday the most critical day of the peace conference.

The air has been filled with unofficial reports that she has given notification of her withdrawal.

There is still strong hope, however, first, that an eleventh-hour event will cause the Italians to reconsider.

Italy, it is reported, has announced her intentions of annexing Fiume and other territory along the Adriatic.

Admitting that they fully expected the Italian delegation to leave the peace conference if they chose to take the consequences of their uncompromising attitude, America's peace plenipotentiaries asserted late yesterday such a move by Italy in no way would affect the position of the United States.

The American delegation, they said was prepared to conclude peace on an equitable basis, regardless of the action of other countries.

This is the first intimation that President Wilson has planned his course of action.

Replying to President Wilson's statement on Fiume, Premier Orlando characterizes the President's attitude as "an innovation in international affairs."

The burden of Orlando's counter-argument regarding Fiume is that Italy claims the port on the basis of Mr. Wilson's own 14 points. The reply also expresses Italy's friendship for the American people.

Only a rough outline of Premier Orlando's reply to President Wilson's Fiume utterance is available.

It contains three main points, to wit:

1. Orlando flings back at the President the latter's own 14 points, saying Mr. Wilson, not Italy, is violating them. Italy's calm to Fiume, he declares, is based on those very principles on which alone the President says America can make peace.

2. The Italian Premier and his conferees bitterly resent the form and tenor of Mr. Wilson's utterance because they feel it is not a diplomatic document addressed to the Italian Government, but an appeal to the Italian people over the heads of their rulers.

3. Orlando virtually accuses Wilson of double dealing. He asserts the President is practicing open diplomacy toward Italy, implying that Mr. Wilson thereby aims to encourage the Italian people to overthrow the Government, and possibly the crown, while practicing secret diplomacy toward the other allies.

The Italian Premier remarks sarcastically that he has discovered the 14 points to be "elastic to every nation except Italy."

## MAKE PLANS TO HOLD PLENARY SESSION MONDAY

Will Consider Revised Draft of  
League Pact and Treaty  
Clauses

May Make Public Provisions if  
Ratified

(By Associated Press)  
Paris, April 25.—A plenary session of the peace conference will be held Monday to consider the revised draft of the league of nations conference and portions of the treaty of peace completed by that time.

The session will be open to the public. If the covenant is approved, it may be made public at that time.

## 332ND TROOPS IN CLEVELAND

(By Associated Press)  
Cleveland, O., April 25.—The first section of the returning 332nd infantry arrived here at nine o'clock this morning and other sections followed at intervals.

The city's formal welcome will take place tomorrow.

Major General Glenn will review the parade and the soldiers leave Saturday evening for Camp Sherman.

## MAJOR HARDWAY SENDS MESSAGE

From somewhere a few hundred miles off New York, Major O. E. Hardway, of this county, Thursday night sent the following radio message to Mrs. Hardway:

"Will arrive Hoboken Friday. Am well."

HARDWAY."

MAJOR O. E. HARDWAY

The message was sent by wireless to Boston and there relayed by Western Union to Mrs. Hardway, reaching her Friday morning at 8:20 o'clock.

The message proves beyond all doubt that Major Hardway is with the 166th, and will soon be back home with the remainder of the brave men from Fayette county who have been service in the Rainbow Division.

## CORN SOARING IS NOW AT \$1.70

(By Associated Press)  
Chicago, April 25.—Excited jumps in the price of corn followed an announcement from Paris that war bread would be again the rule for Europe. The steepest rise was in the July deliveries which soared to \$1.70 a bushel, an advance of 6 1/2 to 6 3/8 over night.

## PEST THREATENS THE CORN CROP CLAIMS EXPERT

(By Associated Press)  
Philadelphia, April 25.—The corn crop of the United States is threatened, according to Dr. L. C. Howard, chief of the Bureau of Entomology of the United States Department of Agriculture.

According to him the European corn borer, a comparatively new parasite introduced into this country from foreign shipments, has obtained a strong foothold in New England and New York where great damage has been done and it is spreading westward.

## HEAVY DAMAGE IS FEARED BY LAST NIGHT'S FREEZE

Fruit Crop Believed To  
Have Been Seriously  
Damaged By Low Temperature.

Conflicting Reports As To  
Extent of Injury to Fayette  
Wheat.

With a temperature of below 25 degrees during part of Thursday night and Friday morning, resulting in a very heavy freeze for late April, Fayette county fruit prospects are believed to have suffered seriously, and it is feared by many farmers that the damage to the wheat crop has been heavy, while other farmers insist that the crop was not materially injured by the freeze.

It is a little early to ascertain with any degree of definiteness the real damage done, but fruit growers agree that if the fruit prospects are not entirely gone, they are at least not nearly so bright as prior to the cold snap.

Some farmers insist that a large part of their wheat has been damaged to such an extent that the production will fall far short of what it would have been had not the freeze come.

In other communities the farmers insist that the freeze did no particular damage to their wheat, and that they are inclined to the belief that if anything the freeze will be beneficial by killing Hessian Fly and joint worm which have been appearing in alarming numbers during the past week or two.

One farmer stated that inasmuch as his wheat was jointed and very rank, he expected that a large percentage would be ruined.

Continued freezing is forecast for tonight.

## LOW TEMPERATURE MENACE TO CROPS

Columbus, O., April 25—Precipitation occurred in the last 24 hours in extreme eastern Iowa and eastward to the limits of the region and south-eastward over the upper Ohio Valley and eastern Kentucky, the amounts being moderately heavy in the Lake Region. Light showers also occurred in Kansas and Oklahoma. The temperature is generally abnormally low, especially in the northern Plains States the upper Mississippi Valley and the Lake Region with minima of 12 to 16 degrees in portions of North Dakota and northern Minnesota and freezing or below over the Lake Region and the greater portions of Iowa and Nebraska.

Temperatures have fallen in the Columbus District from 10 to 18 degrees, freezing temperatures occurring in some northwestern counties. The indications are that there will be a still further reduction tonight in central and southern sections, the temperature dropping to near-freezing in southern counties, making rather critical condition for fruit and tender vegetation. Protective measures are advised.

WILLIAM H. ALEXANDER,  
Meteorologist.

## 'I'M GOING TO WIN' SAYS CYCLONE BILL

"I am sure I will win, as I am training hard and I am now in good condition," declares "Cyclone Bill" (Wm. Flodin) champion welterweight wrestler of the world, who is to meet Matty Matsuda, champion lightweight wrestler in a championship bout in this city Monday night of next week.

"This match will be for the belt and welterweight championship," continues the welterweight champion, who was put to the mat in two falls out of three in this city last week. Wrestling fans anticipate the treat of the year in the big meet, and as Matsuda is in perfect trim for the event, there is every reason to believe the contest will be of the first class, and that it will attract hundreds of persons interested in wrestling.

## INJURED WHILE BLOWING STUMPS

Simon Reichelderfer, of near Williamsport, was badly injured this week while blowing stumps when a large chunk, after being hurled high in the air by an explosion of dynamite under the stump, struck the man on the shoulder, inflicting a deep cut and nearly breaking his shoulder.

Had the section of stump struck him on the head instead of the shoulder, death would have been almost instantaneous, it is believed.

## That Home of Your Dreams

Now that the war is ended, we once again may freely turn our attention to our own personal affairs and, having done our share in defending the right of humanity to life and liberty, take up the pursuit of happiness for ourselves.

And so, the year 1919 promises to be the beginning of the greatest era of constructive development in the history of America. Confident of a prosperous future, we all may well gratify our "heart's desire" in some particular way. What shall it be?

## Build A Home First!

The human heart has no affection more enduring or more profound than the love of home. No normal human being knows the full measure of contentment until he becomes a dweller within a home of his very own. The boys who have borne the brunt of war's hardships are coming back with a new and deeper veneration for "Home." If the question were put to them they would answer unanimously, "Build a Home First."

There could be no better time than the present in which to build a home. Compared with the prices of other staple commodities, the cost of building materials is extremely moderate.

Nerv-Worth and Nerv-Worth Laxative Tablets Pull Together for Strong Nerves and Good Health.

These two have marked value at this time of the year when the system is winter-weakened; and in this particular springtime when to debility engendered by the winter, there is an extra burden of nerve disorder engendered by influenza, with a serious lowering of nerve force.

A bottle of Nerv-Worth and a 25-cent box of Nerv-Worth Laxative Tablets form a combination without equal in restoring nerve force by making over weakened nerves and by Drug Stores sell Nerv-Worth in building up the entire system. The tablets are especially valuable in cleansing the bowels for those whose habits of constipation do not quickly

## Developing and Printing

Here's Where Our Skill  
 Helps You

In developing and printing your film  
 we keep before us the fact that you have  
 spent considerable time and money in  
 making the exposures—and that it is  
 strictly up to us to get out of the film all  
 you put into it.

We are rather proud of our ability to  
 do this. Try us on your next exposures.  
 Our stock of Ansco  
 Cameras, Speedex Film and  
 Cyko Paper is fresh and  
 complete.

LOCAL BOY WILL  
BE ABOARD BOAT  
TO HELP FLYERS

Raymond Bennett Will Be  
 On Shawmut To Aid Men  
 In Trans-Atlantic Flight.

Vessel Will Be Placed in  
 Mid-Atlantic To Render  
 Aid If Needed.

Raymond Bennett, son of Mr. and  
 Mrs. Chas. Bennett of this city, has  
 been assigned to the seaplane moth-  
 er boat, Shawmut, which will proba-  
 bly be stationed in Mid-Atlantic to  
 aid the American airmen, who will  
 attempt a trans-Atlantic flight early  
 next month. The Shawmut will be  
 one of several vessels to be present  
 to render aid if needed, and to afford  
 a landing place if the flyers find a  
 landing necessary.

Regarding the Shawmut and the  
 enterprise, the "Virginia Pilot" of  
 Norfolk, says:

"The mine layer, Shawmut, Capt.  
 G. W. Steele, which has been mother  
 ship to the Atlantic fleet aviation de-  
 tachment at Guantanamo, arrived at  
 the navy yard yesterday to fit out for  
 the trans-Atlantic aviation flight,  
 which will be attempted this spring.

"The attempt will be made with

the navy's latest and largest type of  
 flying boats, which have a wing  
 spread of 126 feet. This is 32 feet  
 greater spread than the boats which  
 have been operating with the fleet at  
 Guantanamo, and which are said to  
 have made good—so good, in fact  
 that their performances have inspired  
 great confidence in the success of  
 the forthcoming flight across the At-  
 lantic. An officer of the Shawmut  
 stated that the work of the seaplane  
 division was very promising.

"The flying boats which have been  
 operating with the fleet carry boats  
 18 feet in length, and have shown  
 their ability to live in quite heavy  
 seas, should necessarily compel them  
 to alight in the waves. It is the first  
 time the flights with planes of boat  
 type have been attempted away from  
 shore bases and the Shawmut kept in  
 repair and handled the kite balloons  
 and flying boats of the division and  
 furnished quarters for the crews.

"The Shawmut was formerly the  
 Massachusetts, a passenger steamer  
 plying between New York and Bos-  
 ton, and is a sister ship of the Bunk-  
 er Hill, now the minelayer Argosy,  
 which fitted out here 10 days ago for  
 the trans-Atlantic flight. Both vessels  
 assisted in laying the mine barrage  
 from Scotland to Norway which a  
 squadron of United States mine-  
 sweepers has just been sent to take  
 up.

"Shortly before the signing of the  
 armistice, the British admiralty gave  
 out that the barrage was successful  
 in its primary object, which was to  
 shut up the German submarines in  
 the North sea. The admiralty also  
 credited the barrage with accounting  
 for 17 submarines. These were "kills"  
 of which the admiralty had conclu-  
 sive proof, but there was a much  
 larger number of submarines which  
 went out from German ports and never  
 returned, and which not accounted  
 for by other methods of defense.  
 These, in all probability, fell victim  
 to the barrage.

"At the time the armistice was  
 signed the American minelayers were  
 loaded with mines for an expedition  
 to the Mediterranean. It had been  
 intended to seal the mouth of the  
 Adriatic and bottle up the Austrian  
 submarines. The caving-in of the  
 Dual monarchy made this unneces-  
 sary, but it is understood that plans  
 were formed to protect the allied  
 countries in the western Mediter-  
 ranean from submarine attack from the  
 east by means of a great barrage of  
 mines."

## THEY HIT THE SPOT.

D. McMillen, Volunteer Fireman's  
 Home, Hudson, N. Y., writes: "Foley  
 Kidney Pills are like a stream of  
 water played on a fire by firemen. They  
 hit the spot, put out the fire and  
 drown the pain." Foley Kidney Pills  
 relieve rheumatic pains, backache,  
 sore muscles and other symptoms of  
 kidney and bladder trouble. Black-  
 mer & Tanquary. Advt.

RESIDENCE AND  
BARN DAMAGED

The fire department was called to  
 the premises of W. C. Tanzey on W.  
 Court street, late Thursday afternoon,  
 by a fire caused by sparks from a  
 passing Pennsylvania train.

The roof of a barn on the Tanzey  
 lot was burned off and the flames had  
 gained some headway in the Tanzey  
 residence before being extinguished.

The high wind carried the flames  
 to an adjoining house but only slight  
 damage resulted.

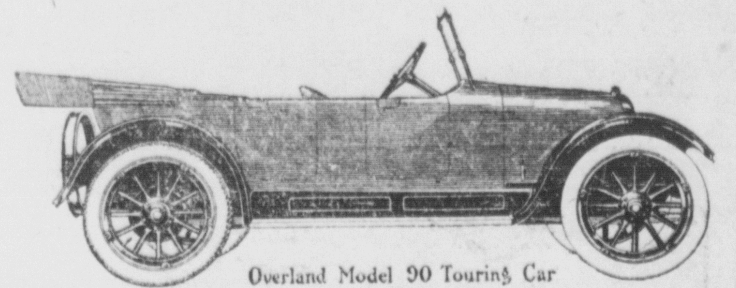

It will probably be necessary to  
 completely rebuild the barn, and  
 quite a bit of expense will be required  
 to repair damages to the Tanzey resi-  
 dence.

The damaged residences and barn  
 are located on West Court street, a  
 short distance west of the Paint creek  
 bridge.

Overland Model 90 Touring Car

Showing the World What 600,000 Owners Know

A few days ago a STOCK Model 90 Overland touring car again  
 proved its stamina by smashing completely the world's non-stop  
 HIGH GEAR record. The official records prove it to be one of the  
 greatest reliability records ever made by any car. The distance cov-  
 ered was 129 miles better than the best previous showing.

This test was made in Oklahoma. It was not staged on boulevards.  
 The daily average was over 600 miles through the severest  
 weather, and over every kind of road from country highways to  
 crowded city streets. The distance was equal to a trip from New  
 York to Los Angeles, and back to Oklahoma City.

The car was sealed in HIGH GEAR and the shift lever was re-  
 moved. Not once was there the slightest mechanical trouble, the  
 least hesitation, or the faintest break in the smooth, even action of  
 the Overland motor.

At the end of seven days and seven nights of gruelling test the  
 Overland Model 90 finished in as perfect running condition as when it  
 started, and this standard car is an EXACT DUPLICATE of the Model  
 90 we will be glad to show you.

This test does not make the car better, it merely proves in a  
 dramatic way what owners already know about this wonderful car.
